PROGRESS AND MILESTONES

Founded in late 2010, EU Holidays was established by driven, dynamic and innovative individuals who banded together with the sole intention of offering customers a whole new travel experience – the main driving force for our company.

Within nine years of business operations, we have expanded EU Holidays and opened up three other subsidiary offices to focus on the various needs of our customers, mainly EU MICE, EU Asia Holidays and EU Vacations. These offices mainly cater to corporate needs, regional trips and the Malaysian market respectively.

EU Holidays has consistently been named as the top travel agency for Europe and USA tours by escape! magazine, Weekender Singapore and TripZilla.sg since 2012. Furthermore, our company was also recognised by TripZilla.sg as the best in the industry for our exotic tours and innovative tour products in 2019. In recent years, our various supporting partners such as Cathay Pacific, Emirates, Etihad Airways, Finnair, Lufthansa and Qatar Airways have also named us as their top travel agent as well.

In addition, EU Holidays had gone through the yearlong Customer-Centric Initiative (CCI) program and successfully attained the Singapore Service Class certification in 2016, under SPRING Singapore. The following year also saw EU Holidays receive the Singapore Prestige Brand Award (SPBA).

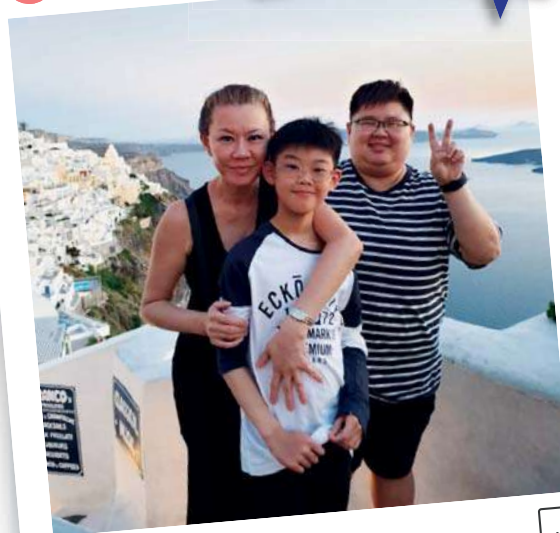

In 2019, EU Holidays had also achieved a significant milestone by setting up EU Travel Expo at Suntec Singapore Convention & Exhibition Centre, a one-stop lifestyle and travel hub with exciting themed events happening all year round to acquaint our customers with unique products from all over the world.

In celebration of EU Holidays' Golden 10th Anniversary in 2020, we have invited our loyal customers to feature on our travel brochures as a way of thanks for helping us reach this important achievement!

“Chernobyl might be known as the scene of the world’s worst nuclear disaster, but upon visiting the site, what struck me unexpectedly was the riveting beauty of the place – in autumn it’s filled with breath-taking fall foliage in hues of orange, gold and crimson. And if you’re wondering, yes, it’s totally safe to visit as the radiation you’re exposed to is low enough to be considered harmless (comparable to a long-haul flight).”

VISITING CHERNOBYL

A tour of Chernobyl gives you a deeper insight into the nuclear disaster and its devastating aftermath.

The thought of visiting Chernobyl, the site of the 1986 nuclear disaster, is probably something that has never crossed your mind. Yet, in the wake of the success of HBO's miniseries *Chernobyl*, visitor numbers to the Chernobyl Exclusion Zone were reported to have surged by as much as 40%, spurring the Ukrainian president to unveil his plans for the disaster site to become an official tourist attraction. So, what draws tourists to this place and why?

Why visit Chernobyl?

Visiting the restricted area of Chernobyl is like experiencing a fascinating time capsule, as you'll get to walk through a place frozen in time from the Soviet era, abandoned and untouched for 30 years. Learn first-hand about what happened as you explore the structure around Reactor Four and the Red Forest, and view the massive Sarcophagus and New Safe Confinement concrete structure built over Reactor Four to contain the radiation. Tour the ghost town of Pripjat to witness its desolate remnants and buildings, such as the hospital, stadium, fire station, kindergarten and amusement park.

A Brief History of the Chernobyl Disaster

In April 26, 1986, a safety test gone wrong caused a power plant reactor at Chernobyl to explode, releasing plumes of radioactive debris into the air across the European continent and exposing millions of people around the world to dangerous levels of radiation. Inhabitants of nearby town of Pripjat, mostly Chernobyl workers and their families, were hastily evacuated a day after, leaving their belongings and the entire city abandoned to this day.

Is it safe to visit?

Though Chernobyl is not expected to be safe for humans to live in for the next 20,000 years, a day visit to the Exclusion Zone is perfectly safe as you will only be exposed to low levels of radiation, similar to that of a long-haul flight. Simply follow your guide and keep to the permitted areas and you're good to go.

UKRAINE

One of the biggest countries in Europe that still finds itself among the ranks of the less travelled, **Ukraine is an eclectic nation rich in cultural diversity, thanks to its borders that skirt along the boundaries of Russia, Poland and Hungary, just to name a few.** The resulting tug-of-war between Russian and western European influences have led to an incredible mix of landscapes and city vibes, topped off with some warm hospitality once you break the ice with the locals.

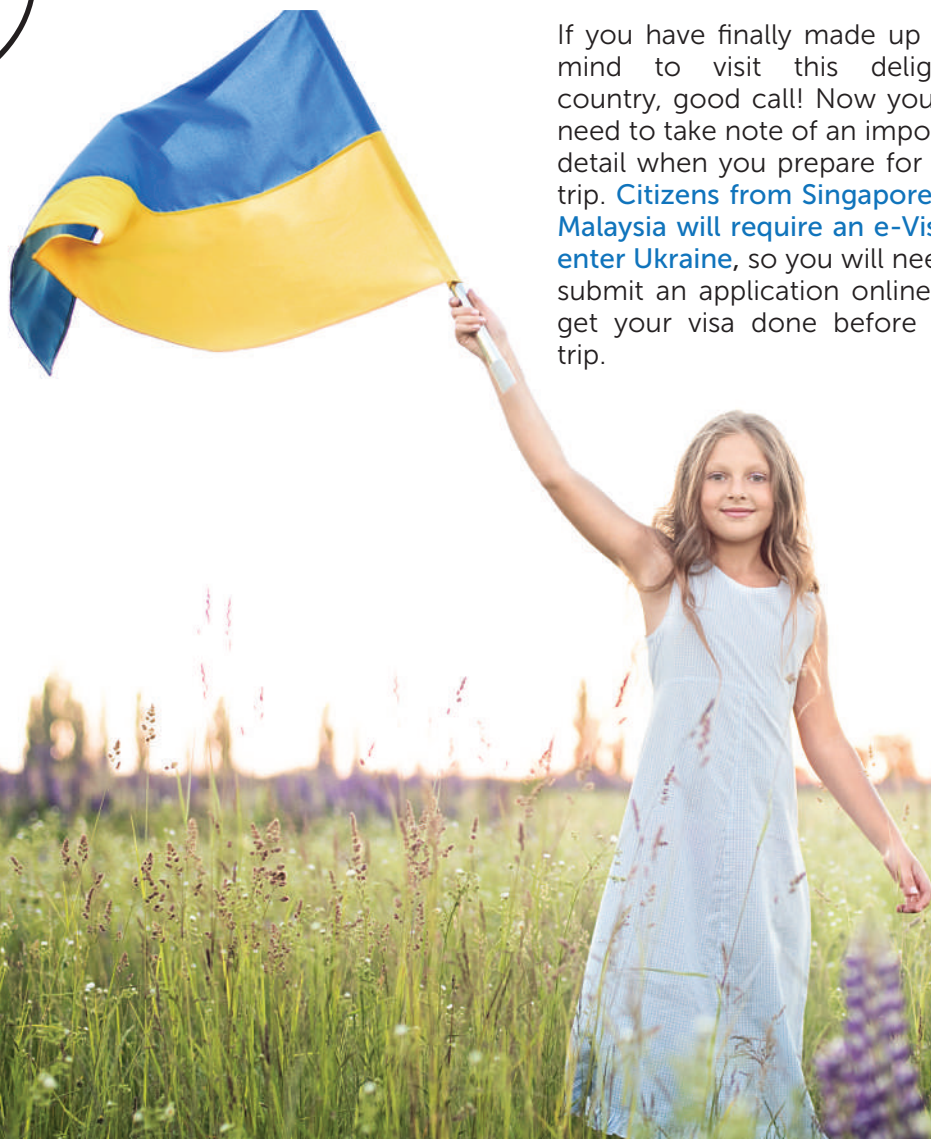

A largely underrated country, Ukraine is still gaining attraction in terms of tourist numbers. Thus, **you will get to see vibrant cities, ancient castles and vivid landscapes reminiscent of the more popular European cities but without the tourist crowds.** This means beautiful, stunning pictures of the architecture and city without the jostling or the extra head or two popping into your shot.

PECHERSK LAVRA, KIEV

As a former Soviet nation with living history, the country underwent two revolutions and a Russian invasion to finally emerge on the map as an independent country in 1991. Despite its checkered past and ongoing tensions, **Ukraine is perfectly safe for tourists to visit and explore.** Simply avoid the Crimea, Donetsk and Lugansk regions, which are closed off to visitors anyway, exercise caution and stay alert – that applies to any country you visit – and you're good to go.

If you have finally made up your mind to visit this delightful country, good call! Now you just need to take note of an important detail when you prepare for your trip. **Citizens from Singapore and Malaysia will require an e-Visa to enter Ukraine,** so you will need to submit an application online and get your visa done before your trip.

FEATURE

KINGDOM OF ICE: FROZEN LAKE BAIKAL IN WINTER

Pictures simply do no justice to the magnificence of Lake Baikal in eastern Siberia; each season brings its own breathtaking transformation that illuminates the lake in wondrous hues, but the real magic happens when winter makes its grand appearance. An amazing phenomenon takes place at the deepest and purest lake on Earth, one that has mesmerised all who have graced its shores.

The onset of winter sees the fascinating phenomena of the freezing of Lake Baikal, a gradual process that goes on till the middle of winter. This is due to the immense depth of the lake – 1,642 metres deep – which means the waters freeze in varying layers over a longer period of time. Coupled with relentless winds and turbulent waves, the Baikal ice also undergo cycles of melting and refreezing, sculpting surreal works of art that is the epitome of beauty.

By the end of January, the frozen ice of Lake Baikal is at least 50 centimetres thick and able to withstand up to 15 tons in weight. The transparent ice appears black because the waters are so clear, you are able to gaze right down into the abyss of the deep lake where there is no light or reflected light. The surface of the ice is as smooth as glass, decorated with crisscrossing veins and cracks.

These blue and white ice floes accumulate along the coast as the waves crash upon the shores; these ice

floes are formed when thin ice crumbles, then picked up by the waves and thrown on shore, and the water splashes freeze and refreeze to form uneven ice clumps.

Icicles hang from the roof of a frozen ice cave, along with stalactites encrusted in ice.

In fact, it took six years and an estimated \$2 million to build this impressive place.

served with ice cream. Of course, no meal is complete without a little entertainment. At Podvorye, it comes in the form of a traditional folk show. Staff of the establishment wearing traditional attire accentuate the lively atmosphere with their musical performances and songs.

An Unforgettable Time in the

BALTICS

*Be inspired by a multitude
of experiences as you sweep
through the beautiful
sights of the Baltics.*

FEATURE

Old Town in Tallinn,
Estonia

Estonia,
Latvia and Lithuania
may be small, yet you'll
discover three completely distinct
cultures encapsulated within the
wonderfully compact space known as the
Baltics. Brimming with legions of activities and
experiences, you'll soon find yourself enchanted by their
unspeakable beauty.

Lithuania

The lovely lakeside town of Trakai is the best place to delve into the mysterious Karaim culture and cuisine. Karaim food is distinctive in its use of oriental spices and old, traditional recipes, and the most famous dish is the kybyn – a pastry resembling a big dumpling that is usually stuffed with lamb or beef filling. See how this dish is prepared in a cooking demonstration at Kybynlar, where you'll also get to sample other delectable dishes!

Riga

Housed within a series of vast pavilions that were formerly WWII German Zeppelin aircraft hangars, the Riga Central Market is a spectacular attraction in its own right. More than 3,000 vendors offer an impressive variety of fresh local produce, clearly marked and sorted into separate hangars selling meat, fish, dairy and vegetables. Some of the local foods that you simply have to try here are pickled vegetables, sauerkraut juice, pelmeni dumplings and a fine assortment of Uzbek bread and pastries.

When in Riga, going on a relaxing boat tour along the canal is a must! As you glide along the waterway, you'll be given a

unique perspective of the city, along with a view of the city's attractions and people from a completely different angle altogether. Get away from the crowds and bask in the laidback pace of this sightseeing boat tour.

Estonia

The mecca of all things medieval, old Tallinn is where you'll find an authentic medieval dining experience, complete with a candlelit setting in a merchant hall decorated with tapestries and waitstaff dressed in period costume. The live music by chamber musicians round out the perfect ambience that will bring you back to Tallinn's golden age.

Exclusive Highlights of *Scandinavia*

Way up north in Europe is the scenic splendour of Scandinavia, a region home to some of the wildest sights on earth – glorious expanses of forests, lakes and volcanoes that are fringed by the endless blue coast, along with majestic fjords in all its stunning beauty. But don't be fooled by all that nature, a whizz through Scandinavia's vibrant capital cities turn up all sorts of surprising gems, including a fascinating museum that is truly one-of-its-kind.

Trollstigen Platform

Have you heard of the famous 18 Norwegian Scenic Routes (formerly called National Tourist Routes)? Between Åndalsnes and Valldal is a 100-kilometre stretch of road called Trollstigen (The Troll Ladder), a narrow route that twists through 11 hairpin bends as it climbs up 858 metres above sea level to Stigrøra. The hair-raising journey to the top brings you to the Trollstigen Platform, where winding walkways and steps lead you to the heart of the incredible landscapes of Norway. Muster your courage to step out onto the viewpoint that extends over the edge of the cliff, and you will be rewarded with breathtaking vistas overlooking the beautiful valley and Stigfossen waterfall.

Ulriken Cable Car

Take off on a scenic journey up Bergen's highest mountain, Mount Ulriken, to enjoy sweeping views of the city framed by mountains, fjords and lakes. Sit back and enjoy the awe-inspiring scenery as you ride in the Ulriken cable car, which will take you to the summit at 643 metres above sea level. While you're at the top, treat yourself to a unique meal experience at the panoramic restaurant, where you'll get to dine surrounded by gorgeous landscapes.

Steinsdalsfossen

Though Scandinavia has more than its fair share of waterfalls, the Steinsdalsfossen in Norway is one of the best known and most photographed waterfalls – for good reason. Far from being Norway's highest, the 50-metre-high waterfall owes its popularity to a special trail winding directly behind the cascade, allowing visitors to get up close and take amazing pictures from a unique perspective behind!

A Stay in Hotel Union Geiranger

Set in the heart of Norway's most spectacular landscape, Hotel Union Geiranger is a family-owned hotel situated on a hill just above the tourist village of Geiranger. Established in 1891, the hotel boasts 197 spacious rooms along with a host of amenities and facilities for your enjoyment, such as a vintage car exhibition, spa facilities and an outdoor Jacuzzi and swimming pool. Enjoy a wonderful stay in Hotel Union Geiranger and you'll be awed by the unobstructed views of the renowned Geirangerfjord and majestic mountains right outside your window.

Overview of Lagoon

Relaxing View

A visit to Iceland's Blue Lagoon might be on your bucket list, but head over to Myvatn Nature Baths instead and you might just be pleasantly surprised!

Considered as North Iceland's equivalent of the renowned Blue Lagoon, Myvatn Nature Baths is located right in the heart of north-east Iceland in Jarðbadsholar, along the Ring Road. A tad less crowded and touristy than the Blue Lagoon, the biggest draw here is the surreal landscape views overlooking Lake Myvatn and its picturesque surroundings.

The water supplied to Myvatn Nature Baths is drawn from underground depths of up to 2,500 metres and flows straight from the National Power Company's pit in Bjarnarflag to the basin near the lagoon. This natural geothermal water is packed with minerals, silicates and geothermal microorganisms, which

gives the water its turquoise blue appearance. The chemical composition of the water also makes it impossible for undesired bacteria and vegetation to thrive, thus eliminating the need for chlorine or any other disinfectant.

Then, visit the beautiful **Höfði House** and the **Hallgrímskirkja church**, where you can

view the novel exterior of the Lutheran parish church tower along with the statue of Leifur Eiríksson situated at its front. Tonight, we will stay out of the Reykjavik city and towards the **South Iceland** for tomorrow's outing.

Polished by the sea, they look like ice-diamonds. Our last stop will be **Svartifoss Waterfall**. Svartifoss is one of the most incredible and glorious waterfalls in Iceland - its name literally means 'the Black Waterfall'. Svartifoss means black falls because the waterfall is surrounded by dark lava columns.

The road to this place is a story for itself, from volcanic beaches to glacier and incredible stone formations. The city is located on a **beach of black sand**. You will have opportunity to enjoy a stroll along the black sandy shores of **Reynisfjara Beach** and see the magic of nature in the form of its famous basalt columns that stacks up into the shape of a pyramid. Consider an optional to the **Sólheimajökull glacier**, where you can embark on a glacier hike where an experienced guide will start off with a safety briefing and a short lesson on how to utilise crampons and an ice pick.

DAY 5

VIK ► SOUTH SHORE ► SELFOSS

Finally, a scenic drive with a view of Iceland's natural beauty and stop at the unique **Seljalandsfoss waterfall**, a narrow cascade

plunging over a 60-metre high cliff. You may even venture on the footpath leading to the back of the waterfall for a different perspective and equally breath-taking pictures. After which, we will visit a farm where you can enjoy **Horse Show**, featuring the Icelandic Horses! These horses are a unique breed of smallish horses that came to Iceland with the first settlers from Norway 1100 years ago. Our last stop will be the **Secret Lagoon Hot Spring**. The Secret Lagoon is a natural thermal pool, the steam rising into the air gives the place a surreal and mystical feel. You will have some time to enjoy in this Secret Lagoon, a truly enjoyable way to end the day with a warm relaxing nature bath.

You can also visit the **Althing**, an open-air assembly in the park where Iceland's oldest existing parliament first assembled in 930 AD. Next, admire Iceland's most popular waterfall, the **Gullfoss**, and if you're lucky, you might even be able to catch sight of a rainbow arching over the tumbling waters flowing into the deep gorge. Continue on to the nearby geothermal area, a site bubbling with activity and an abundance of hot springs. Here, you will be able to view the lively **Strokkur geyser** which spouts water 30 metres into the air every 15 minutes. Tonight, we will drive towards West Iceland and into Husafell.

THE JACOBITE CROSSING THE GLENFINNAN VIADUCT

The Real Hogwarts Express

Embark on an unforgettable journey when you board the Jacobite Steam Train a.k.a the Hogwarts Express.

Whether it's uncovering the rich Scottish history or witnessing the stunning Isle of Skye, you can be rest assured that this train ride will be nothing short of magical.

If you've ever dreamed of boarding the Hogwarts Express, the Jacobite Steam Train is your best bet. Since it began operation in 1995, the Jacobite has become West Coast Railway's - the company running the Jacobite Steam Train - most lucrative line. The rising popularity of the train is attributed to the acclaimed Harry Potter film franchise, which features the same route that the Jacobite takes. In fact, Warner Brothers were given exclusive permission to utilise the route in the filming of the movies.

The train leaves from Fort William, a small town cradled by Loch Linnhe (Lake Linnhe) in the western Scottish Highlands. Situated beneath Ben Nevis, the highest peak in the United Kingdom, Fort William is a must-visit for anyone seeking to explore the famed mountain on foot. If trekking isn't something you want to do, you can always strap on your ski or snowboarding gear and conquer the slopes at the nearby Nevis Range in winter. Besides being a stone's throw away from the imposing natural attraction, Fort William lures visitors with its local delicacies, shops and cafes sitting along the bustling High Street.

Within the confines of the compact town, you will also find a number of activities to partake in. There are numerous things to see and do, even if it means dropping by the West Highland Museum or visiting the remnants of the Old Fort of Fort William, which played an influential role in Scottish history.

The train continues travelling along the shores of Loch Eil, a large sea loch near Fort William, before stopping for an hour and a half at Glenfinnan. The trip becomes truly memorable when the train crosses the impressive Glenfinnan viaduct - comprised of 21 arches, the structure was featured in the Harry Potter films. From atop the viaduct, passenger will witness the spectacular views of Scotland's lush, green rolling hills set against the backdrop of azure

skies - towards the Glenfinnan Monument and Loch Shiel (Lake Shiel). Erected in 1815, the Glenfinnan Monument stands prominently amidst the Scottish Highlands as a proud and timeless tribute to the Jacobite (the name given to the supporters of King James VII of Scotland and II of Britain) clansmen who were unfortunate casualties in the cause of Prince Charles Edward Stuart.

The Jacobite's last stop will be at Mallaig, a thriving port home to a range of accommodations, restaurants, and other essential businesses. Take a ferry from Mallaig to the awe-inspiring Isle of Skye, a destination known for encompassing Scotland's most famous landscapes including the Old Man of Storr - a rocky hill comprised of soaring pinnacles.

For some munchies, score some teatime treats from Cartwright & Butler or a bag of Bassetts Jelly Babies.

If you wish to bring back a piece of Edinburgh home with you, look no

further than their knitwear and cashmere fabrics. Harris Tweed offers some of the finest woollen products in Scotland; or you can also head to Harvey Nichols for a luxurious shopping spree. For some iconic Scottish treats that will satisfy your sweet tooth, Walkers Shortbread and McVitie's both have an amazing range of shortbread biscuits, cookies and cakes. It is the Customer's sole responsibility to ensure that he / she has a valid passport with minimum six (6) months validity from the date of scheduled return to Singapore, as well as the necessary visas, vaccinations, health certificates and all necessary travel documents as required by various government authorities of the destinations of travel.

8.2 Visa

The Customer may seek advice from the Company on visa application; however, it is the Customer's own responsibility to obtain a valid visa.

- 8.2.1 If for any reason, application for visa or exit permit is rejected, full refund minus a \$250.00 administrative fee (excluding visa application fees paid to the respective embassies) will be made if the result of the rejection is submitted to the Company at least forty five (45) days prior to departure. If less than forty-five (45) days' notice is given, relevant cancellation fees as stated under the section Cancellation by the Customer will be applied.
- 8.2.2 It is the Customer's responsibility to check that multi-entry Visas have the correct entry dates and destinations before travelling. Please be aware that for some itineraries you may travel through a country without making an overnight stop but you will still require a Visa to enter/exit the country.

- 8.2.3 In consideration of the interests of other passengers in the same group, the Company strongly discourages all passengers from applying for Visa Upon Arrival at the destination country. The Company takes no responsibility for being unable to wait for passengers who apply for Visa Upon Arrival at the Customs.
- 8.2.4 The Company will not be responsible for any expenses, reimbursement or refund of the tour fare if the Customer is deported or refused entry by immigration authorities on the tour for whatever reasons, including improper travel documents, quarantine, custom regulations, possession of unlawful items or irregularities that may cause harm or damage to person or property.

- 8.2.5 For non-Singapore passport holders, please request for the Company to check on Visa requirements. The Company renders assistance in Visa application wherever possible. The Company cannot, however, guarantee the approval of Visa applications. This service is subject to (auxiliary) fees. Please check with the Company on the amount.

- 8.3.2 The Company shall not be responsible for any loss or damage in relation to flight cancellation, trip cancellation, loss of personal baggage, accidents, injuries and illness.
- 8.3.3 Should there be any amendment to the date and duration of travel, it is the Customer's responsibility to inform the travel insurance company to amend the date and duration of the insurance coverage.

- 8.4 **Travel Vouchers**
The Company issues travel vouchers from time to time as part of its promotional activities. The Terms and Conditions for the redemption of travel vouchers are clearly spelt out in the appropriate documents and shall be binding on the Customer.
9. **GENERAL MATTERS RELATING TO TOURS**
- 9.1 **Accommodation**
Accommodation is as specified in the tour brochure / itinerary / tour booking form. In the event the specified accommodation is not available, every effort will be made to scout for an alternative in another accommodation of similar standard. Hotel room sizes, facilities and services may vary in different country. Accommodation for adults is based on twin-share, double or triple-share bedroom. Different room type might not be on the same level. Single room occupancy comes with an additional cost.
- 9.1.1 Room size is generally slightly smaller than what you may be used to. Space is precious commodity in Europe and especially in its busiest cities. Many of the buildings will have been in existence for hundreds of years and were not built with the modern traveller in mind. The upside is that they are usually in excellent locations and have a fascinating story to tell.
- 9.1.2 Bed sizes may also differ. In Europe, King and Queen-sized beds are very rare. Here, double beds are the norm and you may often find that a double room consists of two twin beds pushed together instead of a full bed, made up with one set of linen. You may also find that twin beds will be placed very close together.
- 9.1.3 A triple room is the same size as a twin-share room. The third bed is always a roll-away bed or sofa bed added into the room. As a result, you may feel that the room is very cramped and small.
- 9.1.4 Europeans are very socially and environmentally conscious, especially about air-conditioning in Europe. During autumn and winter seasons, the central air-conditioning will be switched off in the hotel rooms. So, do not expect that the air-conditioning will be switched on in the room. You may open the windows to let cold air in, where possible.
- 9.2 **Special Request**
If there are any requests regarding special meals, dietary requirements, adjoining rooms, flight seating arrangement and so on, please inform the Company upon booking. However, such requests are strictly subject to confirmation and availability by the airlines/hotels. There are no halal meals on tour.
- 9.3 **Baggage**
The Customer is usually allowed check-in baggage not exceeding twenty (20) kilograms. Only one piece of hand-luggage not exceeding seven (7) kilograms is allowed on board the aircraft. Excess baggage charges must be borne by the Customer and are subject to individual airlines' company policy.
- 9.4 **Meals**
- 9.4.1 Meals, including meals served on flights, are as indicated in the tour brochure / itinerary / tour booking form. In the event where in-flight meals are not served due to whatever reasons, there shall be no refund or replacement.
- 9.4.2 You and your travelling companions will generally dine together at a designated time. Table will often vary in size and free seating enables you to dine with family members or new travelling companions each evening. A breakfast buffet is included daily and will reflect the local regions tastes and culture. Very occasionally, an early departure may result in a light breakfast box for you to take away if applicable. Lunches are sometimes included but are usually an opportunity for the guest to enjoy some free time to visit a local café, bar or restaurant and eat where the locals do. Your tour manager will be able to provide you with a range of options to suit all tastes and preferences.
- 9.5 **Seat Rotation**
For the convenience of all members of the group, passengers may be requested to rotate their seating arrangements on the coach during the period of the tour. Please cooperate when requested to do so by the tour manager / tour leader / guide.
- 9.6 **Motor-coach**
For selected itineraries with Wi-Fi on coach using 3G mobile network, please be aware that the connection is slower than standard broadband and at times may not be available. It is good for checking emails, web browsing and updating social media accounts, but less so for streaming videos or large photo uploads.
- 9.7 **Single Room Supplement**
Please note that customers paying for single room occupancy supplement charge will be allocated a single room. The single room supplement charge as indicated in the booking form applies. Hotels will try their best to upgrade twin/double room for guests who opt for single room occupancy, but this may not be possible in the event when hotel occupancy rate is high.
- 9.8 **Suggested Excursion**
Optional list may be subject to change, depending on the time you are travelling or local circumstances including weather and days of the week. Further information will be provided by your Tour Manager / Guides during the tour.
- 9.9 **Flights**
The tour group might be comprised of flights on different airlines, so the Tour Manager may not be on the same flight as the group. If the group is not on the same flight as the Tour Manager, the group will have to proceed to transit on their own. There will be a check-in staff at Singapore Changi Airport to assist the group to check in if the Tour Manager is not flying together.
10. **PRICING POLICIES**
- 10.1 **Tour Fare Includes**

Credit card payment may incur additional surcharge for special promotion packages, you may refer to our staff for confirmation. Overseas Bank transfer may incur additional surcharge and to be borne by the Customer.
11. **RESPONSIBILITY**
- 11.1 The Company acts as an agent for the carriers, transportation companies, hotels and other principals of the tour packages. The Company accepts no responsibility for any injuries, losses, damages, accidents, flight cancellations, delays, theft, quarantine, customs regulations, strikes, weather hazards, political unrest, changes in itineraries, deportation or refusal of entry by Immigration Authorities resulting from improper travel documents, possession of unlawful items or irregularities that may cause damage to person or property.
